

## A Multidisciplinary Approach in Orthodontics for Complex Cases Combining Periodontics, Prosthodontics and Implantology with Braces

**Dr. med. dent. Vittorio Cacciafesta**  
**Dr. med. dent. Paolo Casentini**

**COURSE  
ORTHO WALKER**  
Thursday, 30<sup>th</sup> Nov. 2023  
8:30h – 17:00h  
MIKRONA GROUP AG  
in Schlieren  
[www.orthowalker-  
kieferorthopaedie.ch](http://www.orthowalker-kieferorthopaedie.ch)

## WELCOME

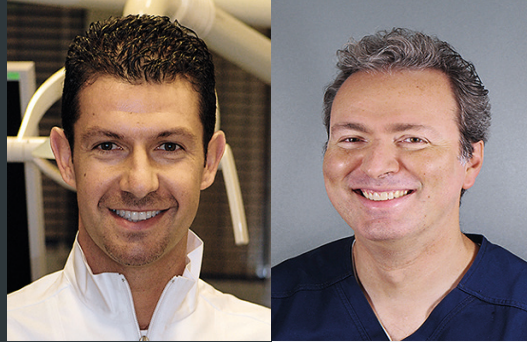

Attendees will be given the tools, techniques and confidence to treat difficult cases in their own practices. You will learn the importance of an interdisciplinary treatment approach, a careful diagnosis and how to screen patients to select cases suitable for invisible orthodontic therapy with or without using mini-implants, with or without extractions, with or without orthognathic surgery.

Secondly, you will also learn how to deal with General Dentists on the space management for implants, the requirements for implants, the need for bone augmentation procedures, mucogingival surgery, and how to optimize the results of an orthodontic treatment with Veneers.

08:00	Registration and Welcome Coffee
08:30	Introduction: Why multidisciplinary? Benefits of combined interdisciplinary treatments
09:00	How to combine dental implants and orthodontics: part I
10:15	Coffee Break
10:45	How to combine dental implants and orthodontics: part II
12:15	Lunch Break
13:15	How to combine periodontology and orthodontics
15:00	Coffee Break
15:30	How to combine prosthetic restorations (incl. veneers) and orthodontics
16:15	Discussions, conclusions and final remarks
17:00	Farewell

**Dr. med. dent.**  
**Vittorio Cacciafesta**  
Milan (ITALY)

**Dr. med. dent.**  
**Paolo Casentini**  
Milan (ITALY)
